Passionate web developer with a **curious** and **creative** mind.
I enjoy solving problems and learning new things.

PROFESSIONAL EXPERIENCE

Limenz Technology Pvt Ltd

02/2020 - present
India

PHP Developer

- created a complete payment system for the users within our platform, using a wonderful API from Dwolla .
- Working with a team of 7 in a continuous integration - continuous deployment environment.
- experience with lots of bug fixes and new integrations alike.

09/2020 - 02/2021
India

Junior Test Engineer

- Performed manual testing on a large project , used by real-estate companies in the US. I was tasked with understanding client requirements and ensuring the requirements are met.
- My attention to detail and good observation skills helped me excel in this role. Understanding this project deeply helped me in my next role.
